LAW LIBRARY
ARIZONA ATTORNEY GENERAL

Mr. Walter Varner, Jr.
537 Seventh Avenue
Yuma, Arizona

Dear Mr. Varner:

We have received a request for an opinion from Mrs. Good, State Librarian, regarding several questions that you had presented to her. In studying these questions it appears that they are specifically applicable to the City of Yuma.

Before any action could be taken regarding the issues that you presented, they would have to be determined by the City of Yuma and the City Attorney. For this reason we feel that should we render an opinion regarding these questions, it would have the effect of deciding a local issue before it had been considered by local authorities. We, therefore, suggest that you submit these questions to the City Attorney.

If you have other questions on a statewide basis that we could answer without entering a local issue, we will be happy to decide them through a request by Mrs. Good.

Sincerely yours,

WADE CHURCH
The Attorney General
